EXPERIENCE

DINNER DATE

bit.ly/TG-dinnerdate

A date night app that helps you pick dinner and a movie with out spending an hour searching. It pulls from both Spoonacular and TMDb API's. This application is built with JavaScript, that manipulate DOM elements to output returned API calls to the HTML canvas element.

WEATHER APP

bit.ly/TG-Weather

Weather app that uses Open Weather API. Returns current day's weather(city name, date, temperature, humidity, wind speed, and UV index), as well as the 5 day forecast(date, temp, humidity). Searches are saved to local storage and saved under search bar.

BIKE CHECK

bit.ly/bike_check

A social photo sharing app for bicycle lovers. View posts made by other users, make your won account using Auth0 login, and start making posts yourself. able to upload multiple photos, search posts by bike category, and comment and like on others posts. Full stack app.

EDUCATION

UNIVERSITY OF NEW HAMPSHIRE

Full Stack Coding Bootcamp: Dec, 20 - June, 21.
